How Career Day works: Rooms will be divided by industry sectors consisting of 4-6 career panelists. Girls will be encouraged to visit each panelist's station, asking questions about your experiences in your profession. Feel free to bring handouts for the girls or any helpful material to the event.

Some questions you may be asked:

- What is your typical workday?
- How did you get interested in the field?
- What experiences, education, training, and personal qualities helped you get here?
- What is most rewarding about your profession?
- What advice can you give about entering your field?
